DO YOU NEED A LAB DRAWN FOR AN OUTSIDE PROVIDER?

An outside lab order is one in which a provider in the community not affiliated with the Employee Health & Wellness Center has written an order for laboratory tests for a patient under his/her direct care.

HERE'S WHAT YOU NEED TO KNOW:

You have to be an established patient in order to have outside lab orders performed at the health center.

As we are not a drawing station, all outside lab orders must be approved by a provider on-site and must be on the approved lab list prior to the lab draw.

The patient may have the orders faxed to the health center prior to the lab draw date to obtain approval and verification ahead of time. If the patient elects to bring the order in the same day, the staff can verify the order with an on-site provider, but it is subject to their approval.

Note: All lab results shall be faxed to the outside ordering provider's office. In addition, the My Health Onsite provider who approved the labs will review them.

No-Shows

The demand on the available appointment slots has been over-whelming; however, the practice of employees/dependents not showing for an appointment is greatly diminishing the capacity for others to be seen. We have had an increased number of employees and dependents not showing up and not canceling appointments for lab draws and medical appointments. We have found the need to track this information, so No-Show appointments will be reported monthly to the Hernando County Sheriff's Office Employee Health and Wellness Center.

Cancellation of Appointments

If the need arises for a last-minute appointment cancellation, please cancel with enough time to allow another Hernando County Sheriff's Office employee to utilize the newly available appointment slot. For your convenience, please log onto your Patient Portal at www.my-patientportal.com or contact the Patient Support Team at 352-900-5074 to reach an operator to cancel or reschedule your appointment.

If you arrive at the My Health Onsite Employee Health and Wellness Center 10 minutes or later for your scheduled appointment time, you will be considered a no-show.

Acute Medical Problems

For those eligible to use the health and wellness center that have an acute medical problem that needs attention, we will make every effort to see those patients as quickly as possible. Please contact the My Health Onsite Patient Support Team at 352-900-5074 to reach an operator and asked to be transferred through to the center.

Face Mask Policy

My Health Onsite Patients are not required to wear a face mask in the employee health and wellness center unless experiencing Cold/Flu or COVID-19 symptoms. However, patients still have the option and discretion to wear a face mask. If a Patient would like to wear a face mask, they may request one when checking-in at the front desk.

FEELING ILL OR UNDER THE WEATHER?

Onsite Face-to-Face Sick Visits at the Employee Health & Wellness Center!

Our **NEW** Onsite Sick Visit Protocol Provides Convenient Care when it's needed most!

A Kind Reminder: The Employee Health & Wellness Center is not a COVID-19 Testing Site

Patients can make **Onsite Sick Visits** via the **healow app** (practice code: DAAEBD), through the Patient Portal at www.my-patientportal.com or by contacting the Patient Support Team at: **352-900-5074**.

Patients that have scheduled sick visit appointments will be asked to **arrive 20 minutes early** to the designated parking spot and will call the sick visit number provided on the parking sign.

After initial assessment and screening, **patients may or may not be tested for Flu A/B and SARS COVID-19**. If necessary, the testing takes about 20 minutes to complete.

If the testing indicates a **COVID-19 positive result**, the visit will remain virtual with the patient remaining in their vehicle. With a negative result, the patient will proceed into the health center for a face-to-face visit with the provider.

NOTE: please arrive 20 minutes early for your scheduled sick visit appointment and plan on a longer than usual visit due to the new sick visit testing protocol.

Please be reminded that the My Health Onsite Health and Wellness Centers are not equipped nor staffed as an emergency room. Any sudden onset symptoms suggestive of a potentially life-threatening situation (shortness of breath, chest pain, fainting, etc.) should be immediately evaluated in an urgent care setting, hospital emergency room or by calling 911.
